- / Power comes directly from the attached DVR screen.**
- / Lightweight and compact around 170gr**
- / TSR has zero effect on scope's field of view and image**

The Optocam TSR WS_{NV} System was developed in collaboration with best special units and LE agencies and it is used by these forces since.

The TSR WS_{NV} systems are being used on the borders for special law enforcement activities, as well training, and spotting missions.

WS_{NV} systems are add-on products, recording directly through the device eyepiece while presenting a live-view image on a monitor.
